Believe that is 5 deaths on Powell between our neighborhood boundaries in the past 12 months? Anything we can do for engaging PPB for traffic enforcement or answering questions? For one, encourage all neighbors to drive 30, maybe a joint campaign with FoPo. Land Use has been in contact with TriMet about lack of movement on safety projects on Powell.

Discussion: Open board positions to recruit for! Secretary and Chair elections are in May. Have openings for Southeast Uplift representative, Diversity Chair, and others.

In person meeting: Going to attempt in-person meeting for February.

Exploring some sort of beautification project, tree planting project. Partner with whoever is doing work that Friends of Tree used to do.
